YOUR PRODUCT, OUR EXPERTISE

YOUR PRODUCT, OUR EXPERTISE

The AmSpec Group has been relied upon in the testing, inspection, and certification (TIC) sector for several decades. As a trusted service provider, AmSpec continues to supply independent, accurate analysis and inspection on various commodities.

With our ever growing global footprint supported by our empowered professional team, along with industry and regulatory accredited facilities, we continue to uphold our high standards, highly exceed client expectations, and maintain our commitment to the longevity and sustainability of our planet.

Focused on your supply chain, no matter the geography, commodity or market, AmSpec are supporting the reliable and seamless transaction of bulk and container shipments. When it comes to logistics, quality control, and contract specifications, put your trust in the AmSpec division. We are capable of assisting you in daily operational challenges, with the added benefit of industry-specific knowledge and experience.

OUR STOCK CHECKS AND MONITORING REPORTS REVEAL QUANTITIES AND LOCATIONS AT ANY GIVEN MOMENT.

STOCK MONITORING SOLUTIONS

When cargo remains unsold, transportation is not yet arranged, and goods are in a state of waiting, you can rely on the extensive reach of our network. We are ready to conduct inspections, checks, tallies, estimates, and sampling, providing reports tailored to your specific requirements. All we need is for you to notify all relevant parties and secure the required official authorizations to grant access to AmSpec employees, enabling us to efficiently carry out the necessary tasks and interventions

FACILITY INSPECTION

When you require facility representation, such as for warehouses, silos, or any other purpose related to internal risk management, insurance, or banking needs, our dedicated team is ready to provide detailed and comprehensive reports on:

- location and its surrounding conditions
- building construction
- environmental risks
- physical security
- inventory of the goods
- checking of documents

STOCK CHECKS

When your goods are stored in designated storage facilities we are here to inspect on spot :

- the determination or evaluation of the quantity
- the weight checking of packages selected at random from the accessible lots
- the Stacking arrangements
- checking packing and/or marking from the accessible lots
- checking of documents

STOCK MONITORING SERVICES

When your products are stored in designated facilities as part of an arrangement involving you, your bank, and AmSpec, we provide scheduled or on-demand services related to various aspects of these stored goods, including:

- Supervision of receipt of your goods into the warehouse
- Monitoring of movements out of the warehouse
- re-delivery supervision
- verification of stocks
- control of existence of stocks
- issuance of reports at each stage (receipts, Processing / Bagging , ...) on a daily, weekly or monthly basis, to be agreed upon

TAILOR MADE SERVICES AVAILABLE ON DEMAND TO HELP YOU BETTER CONTROL YOUR RISKS SUCH AS :

- Supervision during bagging, hand picking/Cleaning,
- Sampling
- Determination of quality in laboratory
- 3D Scanning
